

## Declaration for Connector Compatibility

To whom it may concern,

Our Connector samples have been tested by TUV Rheinland (Shanghai) Co., Ltd, and the corresponding test report number is 15086052 006. We hereby declared that TS4 Connectors used in Trina Solar module types are compatible with the MC4 connector, and the connection between MC4 and TS4 wouldn't affect the warranty.

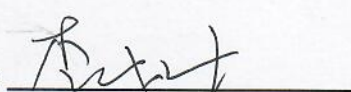

Below is the relationship of connector type and test sample code in the test report:

Sample code	Left	Right
1	+TS4	-MC4-EVO2
2	+TS4	-MC4-EVO2
3	+TS4	-MC4-EVO2
4	-TS4	+MC4-EVO2
5	-TS4	+MC4-EVO2
6	-TS4	+MC4-EVO2
7	+TS4	-MC4
8	+TS4	-MC4
9	+TS4	-MC4
10	+MC4	-TS4
11	+MC4	-TS4
12	+MC4	-TS4

All over conditions from the User Manual shall apply and remain in full force. The end user shall comply with all its terms and provisions at all times.

In the event of any future claim, Trina Solar' LIMITED MANUFACTURER'S WARRANTY FOR TRINA SOLAR CRYSTALLINE SOLAR PHOTOVOLTAIC MODULE will be valid only if the above described conditions, as well as the rest of the Installation Manual recommendations, are all adhered to.

Yours Sincerely

Global Customer Service:
